THE KRYON TEACHINGS

Channeled by Mario Liani

The Kryon Group is the name that Mario Liani uses to describe the loving energy of Kryon. This energy is not a single entity, but a higher consciousness group of angelic realms that operates without individuality and with absolute synchronicity. Kryon is channeled in several languages by different spokespersons around the world. Mario Liani is a channel for Kryon in the Spanish language.

WEAVING THE PROBABILITIES OF THE UNIVERSE

Channeled on 12-22-2005

The Kryon Group gently tears the veil that separates us, and smoothly slips through your consciousness to subtly make you feel, in the center of your chest, the joy of imminent contact.

Feel us as a sort of delicate and warm dew falling around you, mainly at the level of your chest. We impregnate your heartbeats and we are mindful of each one of your desires, and each one of you sighs...

We don't need a special name, and we are here participating in your desires, Humans, because the sum of your desires –particularly around this time of year- is like a love song that exudes humanity and connects to the simplest and most spiritual of all your desires: peace and harmony to all.

In fact, on the 2 and 6 of your next annual cycle of 2006, there is potential for brotherhood, love, cooperation, protection and material feelings, since both digits – from the numerological standpoint we always emphasize through our channels- are characterized by a predominantly receptive, peaceful and feminine energy. Both digits are separated by two zeros and two empty spaces, one follows the 2 and the other one precedes the 6. These empty spaces between both potentials constitute the desire of humanity to integrate both extremes.

How do you integrate both extremes? By having or constructing a bridge over these empty spaces, dear Humans!

The structure born from the 2 is the loving cooperation of the human who knows that he needs others as much as others need him. The structure from the 6 is the desire for a harmonious and peaceful coexistence born out of a basic cell that multiplies to infinity with the objective of establishing a society based on harmonious and balanced integration, joined in a common purpose. When both ends are charged with this powerful intention, humanity would have crossed the void, that double zero that signifies the challenge of duality.

Why double? Because each zero represents, to each digit at the end, a mirror where they can reflect, challenge and, perhaps, subdue their own image. Behind the mirror of each zero, there is a portal. On the side of the observer there is only a hollow image –which in synthesis represents the building of the metaphorical bridge

we spoke of- both end will join, the double mirage will disappear, and, in the end, a union will ensue as well as integration, balance and peace.

This is one of the paradigms of 2006, dears! There are other potentials, but now is not the time to talk about them. However, we leave you with this question: Do you now understand, under this new light we shed, what do the cycles from 2001 to 2009 mean to humanity? Do you understand that there was and there will be a time when it will be necessary to build bridges over the empty spaces and create miracles out of nothing in order to harmoniously integrate your will?

From one end of the veil to the other, the longing for peace is the same. Whoever does not have it or does not get it, fervently longs for it. Whoever has it, celebrates it and offers it with the true hope that this well intended gesture will bring about brotherhood in the hearts of men.

Dear Humans, let's anticipate this potential that is defining the way you feel as you walk away from the road traveled and move towards the new road that lays before you. Who is walking towards whom? It really does not matter, everything is possible in the frame of Creation and you are magnificent creators, but you don't know it yet ...

We slip through this brief and metaphorical crack (surprising even our channel who thought we only wanted to write "Merry Christmas," etc.) to give you a brief glimpse of the potentials. These potentials are like bridges that can be built on your desires and wishes. Don't stop wishing and desiring! Particularly during a season like this one when the majority of the human population longs for a better tomorrow, without understanding that the materialization of a better tomorrow is intrinsically connected with "creating it now."

When you dream of tomorrow, what you are really doing is choosing some of the possibilities of the grid to which you are interlocked and thus begin to weave other plots, carefully choosing the colors of your new tapestry. Without knowing it, you become weavers of probabilities, which are not only for yourselves but also for the others. How strange, is it not? It's strange that you don't know that when you weave for yourselves, you are also weaving for others, since your tapestry is not separated from the others'. Whenever you "innocently" and carelessly pull a thread from their plot -which you may think is out of place- what you are really pulling is the thread of the plot of the Universe!

Blessed are you, Humans, because you possess such great power: by merely pulling a thin thread you have changed the pattern of humanity! And to think that you ask us for help, when you have all the power to do it yourselves!

Weave and have fun pulling threads from the tapestry of the Universe, but do it with absolute and impeccable intent. Now that you know it, you don't have any excuses! There are no accidents in your lives or the lives of those that depend on you, or in anyone's life. Remember that when you play with the threads of the tapestry of the Universe something becomes frayed "at the other end." Oops! Dears, there is no other end, truly, but we tell you so to give you a better understanding.

Oh! and don't tell us: "Kryon, you forgot to tell us how to weave," because you do it all the time, but you call it daydreaming, thinking, planning, considering alternatives, exchanging ideas with others, putting decisions in motion...

Let me tell you a secret: every time you dream and wish for something, you are putting in motion the execution of your dreams and you are contributing so that

everyone -you and us- move closer and unite, and above all, become more conscious of our role in the game of "Reaching Totality" assigned to us by the Divine Plan.

It does not matter whether you know what your role is in all of this. Play and pretend that you do, but do not become too attached to it, because you are changing roles as you interpret yourselves, and your director (your own self) is the only one who can direct you in each scene.

Remember: your dream of a better tomorrow, Humans –even if you wish it only for yourselves and those close to you -exponentially contributes to make the dreams of all humanity –the critical mass- come true.

The Kryon Group continues to slip into your hearts as a wispy fog, tirelessly weaving and mending the tapestry where you rest and where your dreams do come true, dear Humans. That is why you are never alone, never...

The Kryon Group blesses you all.
